

Comanche Fly-In at Pittstown NJ *Sky Manor Airport (N40)*

August 22, 2020
Rain date: Aug 23

(Click here for [Forms/NE_FlyIn_RegForm](#))

The Northeast Comanche Tribe will meet at Sky Manor Airport ([N40](#)) on August 22 (rain date Aug 23) for lunch, tire kicking, and story swapping. Arrival times 10:30 – 12:00 with lunch at noon. The restaurant sits near the approach end of runway 25, affording a great opportunity to score landings

Sky Manor is a private airport acquired from its former owner 2008 by a local group of pilots and hangar tenants. Since then it has grown and prospered while maintaining the “country club” atmosphere for which Sky Manor is famous.

Since its humble grass-strip beginnings back in the 40's Sky Manor has been a favorite stopping point for local and transient pilots.

Sky Manor Airport always offers some of the least expensive fuel in the area - currently \$4.77. It is also home to both a Comanche-friendly maintenance and avionics shop. For lunch take advantage of one of the best airport burgers around as well as other offerings at the Sky Cafe.

This fly-in is one of a series of Town Hall meetings by the Northeast Comanche Tribe. Join us on your way to Comanche Town at Oshkosh for updates on recent Tribe happenings, future plans, progress on the Tail Horn AD, and the upcoming Tribe Elections.

If you are thinking of attending this fly-in please register using the [Forms/NE FlyIn_RegForm](#) on our website, selecting Sky Manor (N40) from the drop-down list. As always, you will be added to an email list for any updates, weather discussions, and potential TFRs nearby.
