Williamsburg-Jamestown airport is our first 2020 fly-in. JGG makes a nice destination for a day trip, with great food available at Charley's on the field. The airport has been privately owned by Larry and Jean Waltrip since 1970. On November 17, 2001, the Waltrips were inducted into the Virginia Aviation Hall of Fame, the first couple to be so honored. Jeans daughter Michele has taken on the management of the airport after her mother's death in 2008.

Robert Klein will be bringing a special friend to our November fly-in. Norwood Thomas, 97 years young and a pilot of 40+ years, is also a very special kind of veteran. In the early morning hours of D-Day Norwood parachuted 4 miles behind the enemy lines at Utah Beach. Norwood will speak for a short time, 10-20 minutes, and take questions. Come and meet this D-Day Vet and hear his amazing story.

Arrive any time after 10:30 for a noon luncheon and remember that Runway 13 is right traffic. Please RSVP for planning purposes on our web link [Forms/NE FlyIn RegForm](#) selecting Williamsburg from the drop down list.
