Av,

You recently signed for a letter from the Northeast Comanche Tribe suspending your privileges to attend NE fly-ins. The fact that you have signed up for the Martinsville fly-in has caused a flurry of discussion among the members to the effect that if you, Av, are there they will choose not to attend. If you intend to ignore the letter and to attend please be aware that there may well be reaction to **your presence detrimental to Tribe harmony**. I would strongly advise you to comply

with the letter and not attend this Saturday.

Pete
