Pete,

I have sent notice to our tribe members of this month's ICS NE Tribe tribe fly-in.

I request that until further notice **you refrain from using the ICS NE Tribe member list** without prior written approval by the current tribe officers (Billy Brooks, Arthur Rosenberg, Jay Shearer, and Av Shiloh) to distribute any material to our ICS members. Further, do not attempt to cancel, obstruct, disrupt, sabotage, or otherwise interfere in any way with our tribe activities, as you have repeatedly done in the recent past.

Should you disregard this request, **your membership privileges in the ICS NE Tribe will be immediately suspended pending review and further action by the ICS Board of Directors.**

Pete,

**I am hereby suspending all your privileges as an ICS member of the Northeast Tribe,** effective immediately, until further notice, pending review and further action by the ICS Board of Directors.

Despite my request (email, below), you have decided to **use our mailing list again,** without authorization or approval in an attempt to obstruct, disrupt, sabotage, and otherwise interfere with our tribe activities.

I have requested that the ICS Board of Directors discuss your actions at the upcoming TeamSpeak board meeting scheduled for this Friday, June 14, 2019, at 18:00 EDT.

You will be informed of the outcome.
