Hi CJ,

Reach out to you by phone, got your voice mail, but your mailbox is full.

This is what I discover:

- **This morning I sent a list of 509 active ICS member without email addresses** in THINK
- You were concerned and felt many should have an email address.
- I compared to your last download from the ICS WP site
  - 136 of the 509 don't have an email in ICS WP site
  - 373 of the 509 have an email in the ICS WP site, however they have bounced in the past during campaigns that we send. To keep our reputation as a good sending IP, those email addresses aren't sent to again.
- In the monthly reports, ICS is notified of any bounced email addresses in the past month.

Thanks! Sandy
