

ICS NE **Applicants for Officer Positions on the 2018-19 Election Ballot**

<u><i>Tribe Chief / ISC Representative</i></u>		
Av Shiloh	#16025	Huntington Valley PA
CJ Stumpf	#18287	East Randolph VT
<u><i>Assistant Chief</i></u>		
(open)		
<u><i>Treasurer</i></u>		
Alan Bassman	#07334	Fort Washington PA
Malcolm Dickinson	#12166	Stamford CT
<u><i>Scribe</i></u>		
Peter Morse	#16012	Putnam CT

Each applicant for a Tribe Office has submitted an application in which they identify themselves and provide a brief statement as to their thoughts on three questions.

- What is your vision for the ICS-NE Tribe?
- What experiences do you bring to your desired Tribe office?
- What do you see as the role for the NE Tribe Representative to the ICS Board of Directors?

The responses from each Officer applicant are presented below. Take a moment to read each one over before clicking on the [Ballot](#) link at the end of this document to cast your vote. You can review a description of the [/ICS-NE_TribeOfficeRoles](#) as posted on our website.

Name: Av Shiloh ICS: 16025 Hometown: Huntingdon Valley, PA Aircraft: PA-24-260
Office: **Tribe Chief/ Rep**

Tribe_Vision: My vision is to provide our tribe members with a variety of social, educational, and technical opportunities and services. I pledge to restore honesty and integrity to the leadership of our NE Comanche Tribe. I also pledge to continue to drive the efforts of the ICS and the charitable Comanche Flyer Foundation in supporting our aircraft technically and educationally. I have a proven "track record" of completing initiatives that benefit our ICS members. I also plan to develop and implement our own simpler and more easily accessible Northeast Tribe Website for our members. My vision is to enhance Comanche type-support and enhance the true camaraderie of our tribe membership.

Qualifications: I have been an Assistant Tribe Chief, Tribe Chief, Tribe Representative, and ICS President. I am an ATP Certificated pilot, and a CFI, CFII, and MEI. I am also a CPPP Certified Comanche instructor for both single and twin Comanches. I have owned N9400P, my Turbo Comanche for fifteen years, and I still love it!

ICS_BoD_role: I see the role of the NE Tribe Representative as the person who represents the interests of ALL tribe members on the ICS Board of Directors; not just the Representative's own personal political agenda. I intend to restore the honesty, integrity, and stability to the governance of the NE Comanche Tribe, and to stop the politics and personal agendas. The Tribe Representative should communicate the wish of the tribe membership to the ICS Board of Directors.

Name: CJ Stumpf ICS:18287 Hometown: E. Randolph, VT Aircraft: PA-24-260
Office: **Tribe Chief/ Rep**

Tribe_Vision: I simply intend to continue down the road we have travelled over the past four years by providing and innovating Comanche specific training and social events – helping foster the camaraderie and community that allows us to trade knowledge both of flying and maintaining our birds.

Qualifications: I have been honored to represent the ICS Northeast Tribe since 2014 and lead a wonderful group of volunteers who have made Northeast tribe:

- The most active flying tribe, with 10+ events each year.
- Find ways to save members money through group purchasing,
- Increase skill and safety for all with more training, and
- Decrease the cost of ownership through maintenance clinics and group buys

I hope you have valued your membership in our tribe and continue to assist me in expanding these opportunities.

ICS_BoD_role: As your representative to the ICs board I will continue to fight for ICS to serve its members – not the current path of the Board, ignoring the members and serving unknown interests.

Avisory_Bd: Yes

Name: Alan Bassman ICS: 07334 Hometown: Fort Washington, PA Aircraft: PA-30 Twin
Office: **Treasurer**

Tribe_Vision: To promote the best planes in the world - the Piper Comanche - providing help to owners for safe operations and the best maintenance available.

Qualifications: CPA since 1976. I have been President of my CPA Firm since 1979. I have been a pilot since 1972 and have owned PA-30 N68AH since 1987.

ICS_BoD_role: To assist in the ICS Mission at the local level.

Name: Malcolm Dickinson ICS: 12166 Hometown: Stamford, CT Aircraft: PA-24-260
Office: **Treasurer**

Tribe_Vision: Continued monthly fly-ins and frequent Comanche training seminars.

Qualifications: I've owned my Comanche for 23 years and been an active flight instructor the entire time.

ICS_BoD_role: To bring cohesiveness and cooperation to the ICS board, so that it can move past the fractiousness of the past two years and do a better job working for Comanche owners.

Name: Peter C Morse ICS: 16012 Hometown: Putnam, CT Aircraft: PA-24-250
Office: **Scribe**

Tribe_Vision: The NE Tribe has a history of active involvement by the members thanks to the work of a small dedicated group. I would like to see that continue, with more people involved. I would also like to see dedicated events such as maintenance or training weekends in addition to our mainly social fly-ins. We should also reach out to the non-ICS Comanche owners in our region to get them on board.

Qualifications: I am a past Tribe Chief/ ICS Tribe Rep, Assistant Chief, Scribe and provide the NE Tribe website. I have been a Comanche owner and pilot since 2002, and a member of and involved with activities for ICS, AOPA and EAA. I have been active in leadership of a number of local civic and musical organizations, including non-profits, and co-partner in an LLC. I have scheduled and hosted many of the NE fly-ins over the past years, created both the Nor'Easter and ICS eNewsletter, and created and maintain the NE website. I am the proverbial back seat driver for the Tribe and am ready to continue in that role.

ICS_BoD_role: The ICS Representative should be a constant advocate for the membership, both for the NE Tribe and overall. The Board should actively promote safety through training programs, the sharing of knowledge through publications, on-line discussions and website posting, should develop Comanche specific resources for maintenance, inspection and flight training, and should work to protect our aircraft from broad-stroke ADs and/or FAA regulations.

Avisory_Bd: Yes

Click on this [/ICS-NE BallotForm](#) link to open the form and cast your vote. Fill in your name and ICS number to validate your vote, then proceed to click on your choices for each office. Click the Send button at the bottom to cast your vote. You will see a response page showing your answers.

Please take a moment to respond our member survey questions (optional) at [/ICS-NE SurveyForm](#). Your vote and survey responses will go to the website for collection, with your votes forwarded to an independent election monitor. The election and survey results will be announced at the Sky Manor fly-in on August 25 and by email to the Tribe membership.

Thank you for your time and for participating in this Tribe activity.

Peter Morse, ICS-NE Scribe
