Dear Edwin ,

We are in the process of preparing for the Northeast Tribe elections.

They are delayed this year due to unforeseen circumstances, and will be conducted as soon as conditions have been restored.

There are significant discrepancies between the various lists of Tribe members. We have been advised that magazines are undeliverable because some USPS addresses are incorrect.

Our first step is to request you verify you have received this email and the following address is correct, and if not to please provide updated information. The use of the details you provide will be limited to voting in these 2019 year elections.

For security purposes only town/city, state, and zip is listed here.

Any questions? Feel free to email the sender for clarification.

Also, given the overwhelming success of our inaugural MiniClinic at SkyManor last weekend, we would greatly appreciate two additional pieces of information...

(1) The name of a nearby airport you believe would be suitable for conducting one day MiniClinics. Ideally it would have a meeting space or hanger with 20-30 seats for conducting a 30 minute meeting/briefing with access to food, refreshments or BBQ -- suggestions appreciated.

(2) The name and contact details of a local mechanic you would recommend so we can obtain his/her involvement in a couple of programs we have in-mind.

Thank you for your time, and in summary:

1. Please, a quick reply to this email so we know we can reliably contact you
2. Confirm your mailing address is correct or provide updated information
3. Name of a suitable local airport, and mechanic recommendation
