From the "only ICS member NE officer",

Here is the final ICS NE Nominations letter. (I did not receive it directly, it was forwarded to me. According to Kate I have been removed from the active member list since June 20, 2018 "at my request" - NOT!)

If you click on the link provided you will see that the voting goes from Monday, March 11 at 12:01 AM EDT to Monday, March 25 at 12:01 AM EDT (ie midnight on the 24th). Further down you will see the candidates' names and qualifications.

There is NO information on the ICS website other than that only NE members can vote in this election. Non-NE members cannot access any of it, making the election totally secret, with all information withheld from ICS members in general.

Now that I have voted I get a blank page with "Thank you for your vote", and all information about who is running etc. is now withheld from me.
